### Payment Options

If you are a UCC Connect subscriber, fees may be paid by the following:

- Customer account
- Credit Card

NOTE: Credit card information is only used for authorization purposes.

### Customer Account

You may establish and fund an account to conduct transactions with the SOS. In order to use the account for UCC Connect transactions, your account must be web-enabled. Once your account is web-enabled, you can fund your account on-line using a valid credit card at any time by selecting the ACCOUNTS tab in the navigation bar.

You can also fund your account using a personal/business check, cashier's check, or money order at the UCC Counter or through the mail. When paying at the counter or through the mail, you must include your account number with the payment. If you do not currently have an account and wish to establish one, contact the SOS at (916) 653-3516 for assistance.

### Credit Card

UCC Connect allows you to pay for transactions using a valid VISA, MasterCard, or Discover credit card. If you are non-subscriber to UCC Connect, transactions must be paid by credit card.

### Fund Availability

UCC Connect validates that there are sufficient funds to pay for filings and requests. If payment is made by credit card, authorization can usually be completed within approximately 15 minutes. During periods of high activity, payment processing may take longer. You can continue to use UCC Connect while authorization is underway. You may view the status of this payment in your BRIEFCASE to verify the payment has been processed.
